The Copernicus carpet tile collection offers modern versatility with its 50cm x 50cm format, available in eight colors. The collection features three primary base tones—Grey, Anthracite, and Beige—complemented by five highlight colors, offering architects and designers the freedom to create unique and personalized spaces. Whether you're looking for subtle elegance or a bold statement, the range of color combinations makes it easy to achieve your design vision.

Inspired by the latest trends, Copernicus features an organic pattern that brings a contemporary flair to any space. In addition to its aesthetic appeal, this collection offers all the benefits of carpet tiles—easy installation, flexibility, and durability—making it the perfect choice for both commercial and residential interiors.
